## APPLICATION SUCCESS WITH AMPCO

### SEA WATER WITH ICE CHUNKS

#### ISSUED BY

Mary Augustine

#### DATE

October 15, 2019

#### BULLETIN NO.

1035.10.2019

### SBI SERIES / SBIV540-210TC

#### INDUSTRY

Seafood

#### CHALLENGE

The customer needed an efficient way to break up ice chunks to a size that could be used for packing seafood caught on fishing vessels. A product that handles an application involving reducing ice chunks in seawater is not offered by other companies.

#### SOLUTION

Ampco's solution supplied the customer with a SBI shear blender. The SBIV540-210TC shears the ice in the water to the proper size so that it can be pumped at the required 200 gpm to pack the seafood.
